Third International Conference on Information Systems, Technology and Management  
(ICISTM-09)

March 12-13, 2009, IMT - Ghaziabad

<http://www.imt.edu/icistm>

**Paper Submission Deadline: 12<sup>th</sup> September 2008**

**Workshop/Tutorial/Panel/Special Sessions Proposal Deadline: 19<sup>th</sup> September 2008**

ICISTM is a forum for presentation of new research results and demonstration of new systems and techniques in the broad field of information systems, information technology, information management, and their applications. The conference aims to bring together researchers, developers, and users from around the world in both industry and academia for sharing state-of-art results, for exploring new areas of research and development, and to discuss emerging issues facing business organizations in the knowledge economy.

The First International Conference on Information Systems Technology and Management- ICISTM was a two-day conference held in March 2007 in New Delhi. The conference attracted over 120 participants from six countries. There were two keynote speakers from USA, a workshop on technology leadership and technical sessions in three concurrent tracks. The Second ICISTM was a three-day conference held in March 2008 in Dubai. The second conference attracted over 130 papers from 40 countries. There were three keynote speakers from USA and were four tutorials from USA and India. The technical sessions were in two concurrent tracks. Both the conferences were organized jointly by Institute of Management Technology, India and University of Florida, USA. Riding on the success of the first two conferences, the 3rd ICISTM will be a two-day conference in NCR Delhi. ICISTM-09 will, in addition to contributed papers, include keynote presentations, special session, tutorials, workshops and panel discussion
